EXPERIENCE

Gida Technologies, Bangalore — *Full Stack Developer*

Nov 2021 - Present

- Developed and maintained multiple web and mobile applications for national and international clients, successfully completing more than 10 diverse products.
- Utilized Node.js, Redis, ElasticSearch, PostgreSQL, and JavaScript frameworks (Angular, React, Vue, Next, Nuxt), React Native, and Flutter.
- Optimized database queries and improved application performance using PostgreSQL.
- Designed and implemented RESTful and GraphQL APIs for seamless communication between front-end and back-end systems, ensuring efficient data flow.
- Participated in software testing, including unit testing, integration testing, and user acceptance testing.
- Documented technical specifications, codebase, and system architecture.
- Actively participated in the hiring process, successfully hiring multiple people.
- Mentored and coached junior team members.

Zigsin, Bangalore — *Frontend Developer*

Aug 2021 - Nov 2021

- Developed highly responsive and interactive web applications using React.js.
- Collaborated closely with UI/UX designers to create visually appealing user interfaces.
- Integrated RESTful APIs and implemented responsive web design.
